<p>(54) Title: COMPOSITION FOR USE IN ADSORPTION TREATMENT, PRODUCTS FORMED WITH THE SAME, AND A METHOD FOR PRODUCING ADSORBENT USING THE SAME</p> <p>(57) Abstract</p> <p>An object of the present invention is to provide a composition for use in adsorption treatment which is easy to handle; a method for easily preparing the composition in the form of grains without inhibiting its adsorption ability; products such as an adsorption treatment device and a filter for air-cleaning formed with the composition; and a method of adsorption treatment. The composition for use in adsorption treatment of the present invention includes an adsorbing substance which is reactive with components to be adsorbed in the presence of moisture, a water-absorbing substance, and a binder, wherein the binder is 1.3 to 8 weight percent with respect to the water-absorbing substance.</p>
